Section 1: How to Use Your Benefit Booklet

This is your Benefit Booklet (“Booklet”). It describes your coverage, benefits, limitations and exclusions for the self-funded Group Health Benefit Plan (“Group Health Plan” or “Group Plan”) established by Monroe County School District and maintained by Monroe County School District.

The sponsor of your Group Health Plan has contracted with Blue Cross Blue Shield of Florida, Inc. (BCBSF), under an Administrative Services Only Agreement (“ASO Agreement”), to provide certain third party administrative services, including claims processing, customer service, and other services, and access to certain of its Provider networks. BCBSF provides certain administrative services only and does not assume any financial risk or obligation with respect to Health Care Services rendered to Covered Persons or claims submitted for processing under this Benefit Booklet for such Services. The payment of claims under the Group Health Plan depends exclusively upon the funding provided by Monroe County School District.

You should read your Benefit Booklet carefully before you need Health Care Services. It contains valuable information about:

- your BlueOptions benefits;
- what is covered;
- what is excluded or not covered;
- coverage and payment rules;
- Blueprint for Health Programs;
- how and when to file a claim;
- how much, and under what circumstances, payment will be made;
- what you will have to pay as your share; and
- other important information including when benefits may change; how and when

coverage stops; how to continue coverage if you are no longer eligible; how benefits will be coordinated with other policies or plans; and the Group Health Plan’s subrogation rights and right of reimbursement.

You will need to refer to the Schedule of Benefits to determine how much you have to pay for particular Health Care Services.

When reading your Booklet, please remember that:

- you should read this Booklet in its entirety in order to determine if a particular Health Care Service is covered.
- the headings of sections contained in this Booklet are for reference purposes only and shall not affect in any way the meaning or interpretation of particular provisions.
- references to “you” or “your” throughout refer to you as the Covered Plan Participant and to your Covered Dependents, unless expressly stated otherwise or unless, in the context in which the term is used, it is clearly intended otherwise. Any references which refer solely to you as the Covered Plan Participant or solely to your Covered Dependent(s) will be noted as such.
- references to “we”, “us”, and “our” throughout refer to Blue Cross and Blue Shield of Florida, Inc. We may also refer to ourselves as “BCBSF”.
- if a word or phrase starts with a capital letter, it is either the first word in a sentence, a proper name, a title, or a defined term. If the word or phrase has a special meaning, it will either be defined in the Definitions section or defined within the particular section where it is used.

Overview of How BlueOptions Works

Whenever you need care, you have a choice. If you visit an:	
In-Network Provider	Out-of-Network Provider
You receive In-Network benefits, the highest level of coverage available.	You receive the Out-of-Network level of benefits – you will share more of the cost of your care.
You do not have to file a claim; the claim will be filed by the In-Network Provider for you.	You may be required to submit a claim form.
The In-Network Provider* is responsible for Admission Notification if you are admitted to the Hospital.	You should notify BCBSF of inpatient admissions.

*For Services rendered by an In-Network Provider located outside of Florida, you should notify us of inpatient admissions.

Section 2: What Is Covered?

Introduction

This section describes the Health Care Services that are covered under this Benefit Booklet. All benefits for Covered Services are subject to your share of the cost and the benefit maximums listed on your Schedule of Benefits, the applicable Allowed Amount, any limitations and/or exclusions, as well as other provisions contained in this Booklet, and any Endorsement(s) in accordance with BCBSF's Medical Necessity coverage criteria and benefit guidelines then in effect.

Remember that exclusions and limitations also apply to your coverage. Exclusions and limitations that are specific to a type of Service are included along with the benefit description in this section. Additional exclusions and limitations that may apply can be found in the "What Is Not Covered?" section. More than one limitation or exclusion may apply to a specific Service or a particular situation.

Expenses for the Health Care Services listed in this section will be covered under this Booklet only if the Services are:

1. within the Health Care Services categories in the "What Is Covered?" section;
2. actually rendered (not just proposed or recommended) by an appropriately licensed health care Provider who is recognized for payment under this Benefit Booklet and for which an itemized statement or description of the procedure or Service which was rendered is received, including any applicable procedure code, diagnosis code and other information required in order to process a claim for the Service;
3. Medically Necessary, as defined in this Booklet and determined by BCBSF in accordance with BCBSF's Medical

Necessity coverage criteria then in effect, except as specified in this section;

4. in accordance with the benefit guidelines listed below;
5. rendered while your coverage is in force; and
6. not specifically or generally limited or excluded under this Booklet.

BCBSF will determine whether Services are Covered Services under this Booklet after you have obtained the Services and a claim has been received for the Services. In some circumstances BCBSF may determine whether Services might be Covered Services under this Booklet before you are provided the Service. For example, BCBSF may determine whether a proposed transplant is a Covered Service under this Booklet before the transplant is provided. BCBSF is not obligated to determine, in advance, whether any Service not yet provided to you would be a Covered Service unless we have specifically designated that a Service is subject to a prior authorization requirement as described in the "Blueprint for Health Programs" section. We are also not obligated to cover or pay for any Service that has not actually been rendered to you.

In determining whether Health Care Services are Covered Services under this Booklet, no written or verbal representation by any employee or agent of BCBSF or Monroe County School District, or by any other person, shall waive or otherwise modify the terms of this Booklet and, therefore, neither you, nor any health care Provider or other person should rely on any such written or verbal representation.

Our Benefit Guidelines

In providing benefits for Covered Services, the benefit guidelines listed below apply as well as any other applicable payment rules specific to particular categories of Services:

1. Payment for certain Health Care Services is included within the Allowed Amount for the primary procedure, and therefore no additional amount is payable for any such Services.
2. Payment is based on the Allowed Amount for the actual Service rendered (i.e., payment is not based on the Allowed Amount for a Service which is more complex than that actually rendered), and is not based on the method utilized to perform the Service or the day of the week or the time of day the procedure is performed.
3. Payment for a Service includes all components of the Health Care Service when the Service can be described by a single procedure code, or when the Service is an essential or integral part of the associated therapeutic/diagnostic Service rendered.

In any case, under Federal law, your Group Plan can only require that a provider obtain authorization for prescribing an

inpatient hospital stay that exceeds 48 hours (or 96 hours).

This exclusion includes, but is not limited to, weight control/loss programs; appetite suppressants and other medications; dietary regimens; food or food supplements; exercise programs; exercise or other equipment.

Wigs and/or cranial prosthesis.

Section 4: Medical Necessity

In order for Health Care Services to be covered under this Booklet, such Services must meet all of the requirements to be a Covered Service, including being Medically Necessary, as defined by this Benefit Booklet.

It is important to remember that any review of Medical Necessity we undertake is solely for the purposes of determining coverage, benefits, or payment under the terms of this Booklet and not for the purpose of recommending or providing medical care. In conducting a review of Medical Necessity, BCBSF may review specific medical facts or information pertaining to you. Any such review, however, is strictly for the purpose of determining whether a Health Care Service provided or proposed meets the definition of Medical Necessity in this Booklet. In applying the definition of Medical Necessity in this Booklet to a specific Health Care Service, coverage and payment guidelines then in effect may be applied by BCBSF.

All decisions that require or pertain to independent professional medical/clinical judgement or training, or the need for medical services, are solely your responsibility and that of your treating Physicians and health care Providers. You and your Physicians are responsible for deciding what medical care should be rendered or received and when that care should be provided. In making coverage decisions, BCBSF will not be deemed to participate in or override your decisions concerning your health or the medical decisions of your health care Providers.

Examples of hospitalization and other Health Care Services that are not Medically Necessary include, but are not limited to:

1. staying in the Hospital because arrangements for discharge have not been completed;
2. use of laboratory, x-ray, or other diagnostic testing that has no clear indication, or is not expected to alter your treatment;
3. staying in the Hospital because supervision in the home, or care in the home, is not available or is inconvenient; or being hospitalized for any Service which could have been provided adequately in an alternate setting (e.g., Hospital outpatient department or at home with Home Health Care Services); or
4. inpatient admissions to a Hospital, Skilled Nursing Facility, or any other facility for the purpose of Custodial Care, convalescent care, or any other Service primarily for the convenience of the patient or his or her family members or a Provider.

Note: Whether or not a Health Care Service is specifically listed as an exclusion, the fact that a Provider may prescribe, recommend, approve, or furnish a Health Care Service does not mean that the Service is Medically Necessary (as defined by this Benefit Booklet) or a Covered Service. Please refer to the “Definitions” section for the definitions of “Medically Necessary” or “Medical Necessity”.

Section 5: Understanding Your Share of Health Care Expenses

This section explains what your share of the health care expenses will be for Covered Services you receive. In addition to the information explained in this section, it is important that you refer to your Schedule of Benefits to determine your share of the cost with regard to Covered Services.

Deductible Requirement

Individual Deductible

This amount, when applicable, must be satisfied by you and each of your Covered Dependents each Benefit Period, before any payment will be made by the Group Health Plan. Only those charges indicated on claims received for Covered Services will be credited toward the individual Deductible and only up to the applicable Allowed Amount. Please see your Schedule of Benefits for more information.

Family Deductible

If your plan includes a family Deductible, after the family Deductible has been met by your family, neither you nor your Covered Dependents will have any additional Deductible responsibility for the remainder of that Benefit Period. The maximum amount that any one Covered Person in your family can contribute toward the family Deductible, if applicable, is the amount applied toward the individual Deductible. Please see your Schedule of Benefits for more information.

Copayment Requirements

Covered Services rendered by certain Providers or at certain locations or settings will be subject to a Copayment requirement. This is the dollar amount you have to pay when you receive these Services. Please refer to your Schedule of

Benefits for the specific Covered Services which are subject to a Copayment. Listed below is a brief description of some of the Copayment requirements that may apply to your plan. If the Allowed Amount or the Provider's actual charge for a Covered Service rendered is less than the Copayment amount, you must pay the lesser of the Allowed Amount or the Provider's actual charge for the Covered Service.

1. Office Services Copayment:

If your plan is a Copayment plan, the Copayment for Covered Services rendered in the office (when applicable) must be satisfied by you, for each office Service before any payment will be made. The office Services Copayment applies regardless of the reason for the office visit and applies to all Covered Services rendered in the office, with the exception of Durable Medical Equipment, Prosthetics, and Orthotics.

Generally, if more than one Covered Service that is subject to a Copayment is rendered during the same office visit, you will be responsible for a single Copayment which will not exceed the highest Copayment specified in the Schedule of Benefits for the particular Health Care Services rendered.

2. Inpatient Facility Copayment:

The inpatient facility Copayment must be satisfied by you, for each inpatient admission to a Hospital, Psychiatric Facility, or Substance Abuse Facility, before any payment will be made for any claim for inpatient Covered Services. The inpatient facility Copayment applies regardless of the reason for the admission, and applies to all inpatient admissions to a Hospital, Psychiatric Facility or Substance Abuse

Facility in or outside the state of Florida. Additionally, you will be responsible for out-of-pocket expenses for Covered Services provided by Physicians and other health care professionals for inpatient admissions.

Note: Inpatient facility Copayments vary depending on the facility chosen. (Please see the Schedule of Benefits for more information).

3. Outpatient Facility Copayment:

The outpatient facility Copayment must be satisfied by you, for each outpatient visit to a Hospital, Ambulatory Surgical Center, Independent Diagnostic Testing Facility, Psychiatric Facility or Substance Abuse Facility, before any payment will be made for any claim for outpatient Covered Services. The Outpatient Facility Copayment applies regardless of the reason for the visit, and applies to all outpatient visits to a Hospital, Psychiatric Facility or Substance Abuse Facility in or outside the state of Florida. Additionally, you will be responsible for out-of-pocket expenses for Covered Services provided by Physician and other healthcare professionals.

Note: Outpatient facility Copayments vary depending on the facility chosen. (Please see the Schedule of Benefits for more information).

4. Emergency Room Facility Copayment:

The emergency room facility Copayment applies regardless of the reason for the visit, is in addition to the applicable Coinsurance amount, and applies to emergency room facility Services in or outside the state of Florida. The emergency room facility Copayment must be satisfied by you for each visit. If you are admitted to the Hospital as an inpatient at the time of the emergency room visit, the emergency room facility Copayment will be waived, but you

will still be responsible for the inpatient facility Copayment.

Coinsurance Requirements

All applicable Deductible or Copayment amounts must be satisfied before any portion of the Allowed Amount will be paid for Covered Services. For Services that are subject to Coinsurance, the Coinsurance percentage of the applicable Allowed Amount you are responsible for is listed in the Schedule of Benefits.

Out-of-Pocket Maximums

Individual out-of-pocket maximum

Once you have reached the individual out-of-pocket maximum amount listed in the Schedule of Benefits, you will have no additional out-of-pocket responsibility for the remainder of that Benefit Period and we will pay 100 percent of the Allowed Amount for Covered Services rendered during the remainder of that Benefit Period.

Family out-of-pocket maximum

If your plan includes a family out-of-pocket maximum, once your family has reached the family out-of-pocket maximum amount listed in the Schedule of Benefits, neither you nor your covered family members will have any additional out-of-pocket responsibility for the remainder of that Benefit Period and we will pay 100 percent of the Allowed Amount for Covered Services rendered during the remainder of that Benefit Period. The maximum amount any one Covered Person in your family can contribute toward the family out-of-pocket maximum, if applicable, is the amount applied toward the individual out-of-pocket maximum. Please see your Schedule of Benefits for more information.

Note: The Deductible, any applicable Copayments and Coinsurance amounts will accumulate toward the out-of-pocket maximums. Any benefit penalty reductions, non-covered charges or any charges in excess of the Allowed

Amount will not accumulate toward the out-of-pocket maximums. If the Group has purchased Prescription Drug coverage, any applicable Cost Share under the Prescription Drug coverage, will not apply to the Deductible under this Booklet.

Prior Coverage Credit

You will be given credit for the satisfaction or partial satisfaction of any Deductible and Coinsurance maximums met by you under a prior group insurance, blanket insurance, or franchise insurance or group Health Maintenance Organization (HMO) policy or plan maintained by Monroe County School District if the coverage provided hereunder replaces such a policy or plan. This provision only applies if the prior group insurance, blanket insurance, franchise insurance, HMO or plan coverage was in effect immediately preceding the Effective Date of the coverage provided under this Benefit Booklet. This provision is only applicable for you during the initial Benefit Period of coverage under this Benefit Booklet and the following rules apply:

1. **Prior Coverage Credit for Deductible:**

For the initial Benefit Period of coverage under this Benefit Booklet only, charges credited towards your Deductible requirement under the prior policy or plan, for Services rendered during the 90-day period immediately preceding the Effective Date of the coverage under this Benefit Booklet, will be credited to the Deductible requirement under this Booklet.

2. **Prior Coverage Credit for Coinsurance:**

Charges credited by Monroe County School District's prior policy or plan, towards your Coinsurance Maximum, for Services rendered during the 90-day period immediately preceding the Effective Date of coverage under this Benefit Booklet, will be credited to your out-of-pocket maximum under this Booklet.

3. Prior coverage credit towards the Deductible or out-of-pocket maximums will only be given for Health Care Services which would have been Covered Services under this Booklet.
4. Prior coverage credit under this Booklet only applies at the initial enrollment of the entire Group. You and/or Monroe County School District are responsible for providing BCBSF with any information necessary for BCBSF to apply this prior coverage credit.

Benefit Maximum Carryover

If immediately before the Effective Date of the coverage under this Benefit Booklet, you were covered under a prior Monroe County School District group plan insured or administered by BCBSF, amounts applied to your benefit maximums under the prior group plan, will be applied toward your benefit under this Booklet.

Additional Expenses You Must Pay

In addition to your share of the expenses described above, you are also responsible for:

1. any applicable Copayments;
2. expenses incurred for non-covered Services;
3. charges in excess of any maximum benefit limitation listed in the Schedule of Benefits (e.g., the Benefit Period maximums);
4. charges in excess of the Allowed Amount for Covered Services rendered by Providers who have not agreed to accept the Allowed Amount as payment in full;
5. any benefit reductions;
6. payment of expenses for claims denied because we did not receive information requested from you regarding whether or not you have other coverage and the details of such coverage; and

7. charges for Health Care Services which are excluded.

Additionally, you are responsible for any contribution amount required by Monroe County School District.

How Benefit Maximums Will Be Credited

Only amounts actually paid for Covered Services will be credited towards any applicable benefit maximums. The amounts paid which are credited towards your benefit maximums will be based on the Allowed Amount for the Covered Services provided.

Section 6: Physicians, Hospitals and Other Provider Options

Introduction

It is important for you to understand how the Provider you select and the setting in which you receive Health Care Services affects how much you are responsible for paying under this Booklet. This section, along with the Schedule of Benefits, describes the health care Provider options available to you and the payment rules for Services you receive.

As used throughout this section “out-of-pocket expenses” or “out-of-pocket” refers to the amounts you are required to pay including any applicable Copayments, the Deductible and/or Coinsurance amounts for Covered Services.

You are entitled to preferred provider type benefits when you receive Covered Services from In-Network Providers. You are entitled to traditional program type benefits at the point of service when you receive Covered Services from Traditional Program Providers or BlueCard (Out-of-State) Traditional Program Providers, in conformity with Section 7: BlueCard (Out-of-State) Program.

Provider Participation Status

With BlueOptions, you may choose to receive Services from any Provider. However, you may be able to lower the amount you have to pay for Covered Services by receiving care from an In-Network Provider. Although you have the option to select any Provider you choose, you are encouraged to select and develop a relationship with an In-Network Family Physician. There are several advantages to selecting a Family Physician. Family Physicians are trained to provide a broad range of medical care and can be a valuable resource to coordinate your overall healthcare needs. Developing and

continuing a relationship with a Family Physician allows the physician to become knowledgeable about you and your family’s health history. A Family Physician can help you determine when you need to visit a specialist and also help you find one based on their knowledge of you and your specific healthcare needs. Types of Family Physicians are Family Practitioners, General Practitioners, Internal Medicine doctors and Pediatricians. Additionally, care rendered by Family Physicians usually results in lower out-of-pocket expenses for you. Whether you select a Family Physician or another type of Physician to render Health Care Services, please remember that using In-Network Providers may result in lower out-of-pocket expenses for you. You should always determine whether a Provider is In-Network or Out-of-Network prior to receiving Services to determine the amount you are responsible for paying out-of-pocket.

Location of Service

In addition to the participation status of the Provider, the location or setting where you receive Services can affect the amount you pay. For example, the amount you are responsible for paying out-of-pocket will vary whether you receive Services in a Hospital, a Provider’s office, or an Ambulatory Surgical Center. Please refer to your Schedule of Benefits for specific information regarding your out-of-pocket expenses for such situations. After you and your Physician have determined the plan of treatment most appropriate for your care, you should refer to the “What Is Covered?” section and your Schedule of Benefits to find out if the specific Health Care Services are covered and how much you will have to pay. You should also consult with your Physician to determine the most appropriate setting based on your health care and financial needs.

To verify if a Provider is In-Network for your plan you can:

1. If in Florida, review your current BlueOptions Provider Directory;
2. If in Florida, access the BlueOptions Provider directory at BCBSF's web-site at www.FloridaBlue.com; and/or
3. If outside of Florida, access the on-line BlueCard Doctor and Hospital Finder at www.FloridaBlue.com; and/or
4. Call the customer service phone number in this Booklet or on your Identification Card.

Please remember that changes to Provider network participation can occur at any time. Consequently, it is your responsibility to determine whether a specific Provider is In-Network at the time you receive Covered Services.

In-Network Providers

When you use In-Network Providers, your out-of-pocket expenses for Covered Services may be lower. Payment will be based on the Allowed Amount and your share of the cost will be at the In-Network benefit level listed in the Schedule of Benefits.

Out-of-Network Providers

When you use Out-of-Network Providers your out-of-pocket expenses for Covered Services will be higher. We will base our payment on the Allowed Amount at the Coinsurance percentage listed in the Schedule of Benefits. Further, if the Out-of-Network Provider is a Traditional Program Provider or a BlueCard (Out-of-State) Traditional Program Provider, our payment to such Provider may be under the terms of that Provider's contract. If your Schedule of Benefits and BlueOptions Provider directory do not include a Provider as In-Network under your

benefit plan, the Provider is considered Out-of-Network.

If you receive Services from a Provider who participates in our Traditional Program or is a BlueCard (Out-of-State) Traditional Program Provider, the Provider will file the claim for you. In those instances payment will be made directly to the Provider.
Can you be billed the difference between what the Provider is paid and the Provider's charge?	<ul style="list-style-type: none"> • NO. You are protected from being billed for the difference in the Allowed Amount and the Provider's charge when you use In-Network Providers. You are responsible for paying the difference between what we pay and the Provider's charge. However, if you receive Services from a Provider who participates in our Traditional Program, the Provider will accept our Allowed Amount as payment in full for Covered Services since such Traditional Program Providers have agreed not to bill you for the difference. Further, under the BlueCard (Out-of-State) Program, when you receive Covered Services from a BlueCard (Out-of-State) Traditional Program Provider, you may be responsible for paying the difference between what the Host Blue pays and the Provider's billed charge.

Note: You are solely responsible for selecting a Provider when obtaining Health Care Services and for verifying whether that Provider is In-Network or Out-of-Network. You are also responsible for determining the corresponding payment options, if any, at the time the Health Care Services are rendered.

Physicians

When you receive Covered Services from a Physician you will be responsible for a Copayment and/or the Deductible and the applicable Coinsurance. Several factors will determine your out-of-pocket expenses including your Schedule of Benefits, whether the Physician is In-Network or Out-of-Network, the location of service, the type of Service rendered, and the Physician's specialty.

Remember that the location or setting where a Service is rendered can affect the amount you are responsible for paying out-of-pocket. After you and your Physician have determined the plan of treatment most appropriate for your care, you should refer to the Schedule of Benefits and consult with your Physician to determine the most appropriate setting based on your health care and financial needs.

Refer to your Schedule of Benefits to determine the applicable Copayments, Coinsurance percentage and/or Deductible amount you are responsible for paying for Physician Services.

Hospitals

Each time you receive inpatient or outpatient Covered Services at a Hospital, in addition to any out-of-pocket expenses related to Physician Services, you will be responsible for out-of-pocket expenses related to Hospital Services.

In-Network Hospitals have been divided into two groups that are referred to as "options" on the Schedule of Benefits. The amount you are responsible for paying out-of-pocket is different for each of these options. Remember that there are also different out-of-pocket expenses for Out-of-Network Hospitals.

Since not all Physicians admit patients to every Hospital, it is important when choosing a Physician that you determine the Hospitals where your Physician has admitting privileges. You can find out what Hospitals your Physician

admits to by contacting the Physician's office. This will provide you with information that will help you determine a portion of what your out-of-pocket costs may be in the event you are hospitalized.

Refer to your Schedule of Benefits to determine the applicable out-of-pocket expenses you are responsible for paying for Hospital Services.

Specialty Pharmacy

Certain medications, such as injectable, oral, inhaled and infused therapies used to treat complex medical Conditions are typically more difficult to maintain, administer and monitor when compared to traditional Drugs. Specialty Drugs may require frequent dosage adjustments, special storage and handling and may not be readily available at local pharmacies or routinely stocked by Physicians' offices, mostly due to the high cost and complex handling they require.

Using the Specialty Pharmacy to provide these Specialty Drugs should lower the amount you have to pay for these medications, while helping to preserve your benefits.

Other Providers

With BlueOptions you have access to other Providers in addition to the ones previously described in this section. Other Providers include facilities that provide alternative outpatient settings or other persons and entities that specialize in a specific Service(s). While these Providers may be recognized for payment, they may not be included as In-Network Providers for your plan. Additionally, all of the Services that are within the scope of certain Providers' licenses may not be Covered Services under this Booklet. Please refer to the "What Is Covered?" and "What Is Not Covered?" sections of this Booklet and your Schedule of Benefits to determine your out-of-pocket

expenses for Covered Services rendered by these Providers.

You may be able to receive certain outpatient Services at a location other than a Hospital. The amount you are responsible for paying for Services rendered at some alternative facilities is generally less than if you had received those same Services at a Hospital.

Remember that the location of service can impact the amount you are responsible for paying out-of-pocket. After you and your Physician have determined the plan of treatment most appropriate for your care, you should refer to the Schedule of Benefits and consult with your Physician to determine the most appropriate setting based on your health care and financial needs. When Services are rendered at an outpatient facility other than a Hospital there may be an out-of-pocket expense for the facility Provider as well as an out-of-pocket expense for other types of Providers.

Assignment of Benefits to Providers

Except as set forth in the last paragraph of this section, any of the following assignments, or attempted assignments, by you to any Provider will not be honored:

- an assignment of the benefits due to you for Covered Services under this Benefit Booklet;
- an assignment of your right to receive payments for Covered Services under this Benefit Booklet; or
- an assignment of a claim for damage resulting from a breach, or an alleged breach of the terms of this Benefit Booklet.

We specifically reserve the right to honor an assignment of benefits or payment by you to a Provider who: 1) is In-Network under your plan of coverage; 2) is a NetworkBlue Provider even if that Provider is not in the panel for your plan of coverage; 3) is a Traditional Program Provider;

4) is a BlueCard (Out-of-State) PPO Program Provider; 5) is a BlueCard (Out-of-State) Traditional Program Provider; 6) is a licensed Hospital, Physician, or dentist and the benefits which have been assigned are for care provided pursuant to section 395.1041, *Florida Statutes*; or 7) is an Ambulance Provider that provides transportation for Services from the location where an "emergency medical condition", defined in section 395.002(8) *Florida Statutes*, first occurred to a Hospital, and the benefits which have been assigned are for transportation to care provided pursuant to section 395.1041, *Florida Statutes*. A written attestation of the assignment of benefits may be required.

Section 7: BlueCard[®] (Out-of-State) Program

Out-of-Area Services

We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as “Inter-Plan Programs”. Whenever you obtain Health Care Services outside of our service area, the claims for these Services may be processed through one of these Inter-Plan Programs, which include the BlueCard Program and may include negotiated National Account arrangements available between us and other Blue Cross and Blue Shield Licensees.

Typically, when accessing care outside our service area, you will obtain care from health care Providers that have a contractual agreement (i.e., are “participating providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). In some instances, you may obtain care from non-participating health care Providers. Our payment practices in both instances are described below.

BlueCard Program

Under the BlueCard Program, when you access Covered Services within the geographic area served by a Host Blue, we will remain responsible for fulfilling our contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating health care Providers.

Whenever you access Covered Services outside our service area and the claim is processed through the BlueCard Program, the amount you pay for Covered Services is calculated based on the lower of:

- The billed covered charges for your Covered Services; or

- The negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your health care Provider.

Sometimes, it is an estimated price that takes into account special arrangements with your health care Provider or Provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of health care Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price we use for your claim because they will not be applied retroactively to claims already paid.

Laws in a small number of states may require the Host Blue to add a surcharge to your calculation. If any state laws mandate other liability calculation methods, including a surcharge, we would then calculate your liability for any Covered Services according to applicable law.

Out-of-Network Providers Outside Our Service Area

Your Liability Calculation

When Covered Services are provided outside of our service area by non-participating health care Providers, the payment will be based on the Allowed Amount as defined in the Benefit Booklet.

Section 8: Blueprint for Health Programs

Introduction

BCBSF has established (and from time to time establishes) various customer-focused health education and information programs as well as benefit utilization management and utilization review programs. Under the terms of the ASO Agreement between BCBSF and Monroe County School District, BCBSF has agreed to make these programs available to you. These programs, collectively called the Blueprint for Health Programs, are designed to 1) provide you with information that will help you make more informed decisions about your health, 2) help facilitate the management and review of coverage and benefits provided under this Booklet and 3) present opportunities, as explained below, to mutually agree upon alternative benefits or payment alternatives for cost-effective medically appropriate Health Care Services. **Some BluePrint For Health Programs may not be available outside the state of Florida.**

Admission Notification

The admission notification requirements vary depending on whether you are admitted to a Hospital, Psychiatric Facility, Substance Abuse Facility or Skilled Nursing Facility which is In-Network or Out-of-Network.

In-Network

Under the admission notification requirement, we must be notified of all inpatient admissions (i.e., elective, planned, urgent or emergency) to In-Network Hospitals, Psychiatric Facilities, Substance Abuse Facilities or Skilled Nursing Facilities. While it is the sole responsibility of the In-Network Provider located in Florida to comply with our admission notification requirements, you should ask the Hospital,

Psychiatric Facility, Substance Abuse Facility or Skilled Nursing Facility (as applicable) if we have been notified of your admission. For an admission outside of Florida, you or the Hospital, Psychiatric Facility, Substance Abuse Facility or Skilled Nursing Facility (as applicable) should notify us of the admission. Making sure that we are notified of your admission will enable us to provide you information about the Blueprint for Health Programs available to you. You or the Hospital, Psychiatric Facility, Substance Abuse Facility or Skilled Nursing Facility (as applicable) may notify us of your admission by calling the toll free customer service number on your ID card.

Out-of-Network

For admissions to an Out-of-Network Hospital, Psychiatric Facility, Substance Abuse Facility or Skilled Nursing Facility, you or the Hospital, Psychiatric Facility, Substance Abuse Facility or Skilled Nursing Facility must notify BCBSF of the admission. Notifying BCBSF of your admission will enable BCBSF to provide you information about the Blueprint for Health Programs available to you. You or the Hospital may notify BCBSF of your admission by calling the toll-free customer service number on your ID card.

Inpatient Facility Program

Under the inpatient facility program, we may review Hospital stays, Hospice, Inpatient Rehabilitation, LTAC and Skilled Nursing Facility (SNF) Services, and other Health Care Services rendered during the course of an inpatient stay or treatment program. We may conduct this review while you are inpatient, after your discharge, or as part of a review of an episode of care when you are transferred from one level of inpatient care to another for ongoing

treatment. The review is conducted solely to determine whether we should provide coverage and/or payment for a particular admission or Health Care Services rendered during that admission. Using our established criteria then in effect, a concurrent review of the inpatient stay may occur at regular intervals, including in advance of a transfer from one inpatient facility to another. We will provide notification to your Physician when inpatient coverage criteria are no longer met. In administering the inpatient facility program, we may review specific medical facts or information and assess, among other things, the appropriateness of the Services being rendered, health care setting and/or the level of care of an inpatient admission or other health care treatment program. Any such reviews by us, and any reviews or assessments of specific medical facts or information which we conduct, are solely for purposes of making coverage or payment decisions under this Benefit Booklet and not for the purpose of recommending or providing medical care.

Provider Focused Utilization Management Program

Certain NetworkBlue Providers have agreed to participate in our focused utilization management program. This pre-service review program is intended to promote the efficient delivery of medically appropriate Health Care Services by NetworkBlue Providers. Under this program we may perform focused prospective reviews of all or specific Health Care Services proposed for you. In order to perform the review, we may require the Provider to submit to us specific medical information relating to Health Care Services proposed for you. These NetworkBlue Providers have agreed not to bill, or collect, any payment whatsoever from you or us, or any other person or entity, with respect to a specific Health Care Service if:

1. they fail to submit the Health Care Service for a focused prospective review when

required under the terms of their agreement with us; or

2. we perform a focused review under the focused utilization management program and we determine that a Health Care Service is not Medically Necessary in accordance with our Medical Necessity criteria or inconsistent with our benefit guidelines then in effect unless the following exception applies.

Exception for Certain NetworkBlue Physicians

Certain NetworkBlue Physicians licensed as Doctors of Medicine (M.D.) or Doctors of Osteopathy (D.O.) only may bill you for Services determined to be not Medically Necessary by BCBSF under this focused utilization management program if, **before** you receive the Service:

- a. they give you a written estimate of your financial obligation for the Service;
- b. they specifically identify the proposed Service that BCBSF has determined not to be Medically Necessary; and
- c. you agree to assume financial responsibility for such Service.

Prior Coverage Authorization/Pre-Service Notification Programs

It is important for you to understand our prior coverage authorization programs and how the Provider you select and the type of Service you receive affects these requirements and ultimately how much you are responsible for paying under this Benefit Booklet.

You or your Provider will be required to obtain prior coverage authorization from us for:

1. certain **Prescription Drugs** denoted with a special symbol in the Medication Guide as requiring prior authorization;

2. **advanced diagnostic imaging Services**, such as CT scans, MRIs, MRA and nuclear imaging;
3. **Autism Spectrum Disorder; Mental Health; and Substance Dependency Services**; and
4. **other Health Care Services** that are or may become subject to a prior coverage authorization program or a pre-service notification program as defined and administered by us.

Prior coverage authorization requirements vary, depending on whether Services are rendered by an In-Network Provider or an Out-of-Network Provider, as described below:

In-Network Providers

It is the In-Network Provider's sole responsibility to comply with our prior coverage authorization requirements, and therefore you will not be responsible for any benefit reductions if prior coverage authorization is not obtained before Medically Necessary Services are rendered.

Once we have received the necessary medical documentation from the Provider, we will review the information and make a prior coverage authorization decision, based on our established criteria then in effect. The Provider will be notified of the prior coverage authorization decision.

Out-of-Network Providers

1. In the case of **Prescription Drugs** denoted with a special symbol in the Medication Guide as requiring prior authorization, it is your sole responsibility to comply with our prior coverage authorization requirements when you use an Out-of-Network Provider **before** the Prescription Drug is purchased or administered. **Your failure to obtain prior coverage authorization will result in denial of coverage for such Prescription Drug, including any Service related to the Prescription Drug or its administration.**

For additional details on how to obtain prior coverage authorization, and for a list of Prescription Drugs that require prior coverage authorization, please refer to the Medication Guide.

2. In the case of **advanced diagnostic imaging Services** such as CT scans, MRIs, MRA and nuclear imaging, it is your sole responsibility to comply with our prior coverage authorization requirements when rendered or referred by an Out-of-Network Provider **before** the advanced diagnostic imaging Services are provided. **Your failure to obtain prior coverage authorization will result in denial of coverage for such Services.**

Enrollment Periods

The enrollment periods for applying for coverage are as follows:

Initial Enrollment Period is the period of time during which an Eligible Employee or Eligible Dependent is first eligible to enroll. It starts on the Eligible Employee's or Eligible Dependent's initial date of eligibility and ends no less than 30 days later.

Annual Open Enrollment Period is the period of time during which each Eligible Employee is given an opportunity to select coverage from among the alternatives included in Monroe County School District's health benefit program. The period is established by Monroe County School District, occurs annually, and will take place when specified by Monroe County School District.

Special Enrollment Period is the 30-day period of time immediately following a special circumstance during which an Eligible Employee or Eligible Dependent may apply for coverage. Special circumstances are described in the Special Enrollment Period subsection.

Employee Enrollment

An Eligible Employee who fails to enroll during the Initial Enrollment Period will not be covered and may only enroll under this Benefit Booklet during the next Annual Open Enrollment Period established by Monroe County School District, or in the case of a Special Enrollment event, during the Special Enrollment Period. The Effective Date will be the date specified by Monroe County School District.

Dependent Enrollment

An individual may be added upon becoming an Eligible Dependent of a Covered Plan Participant. Below are special rules for certain Eligible Dependents.

Newborn Child – To enroll a newborn child who is an Eligible Dependent, the Covered Plan Participant must submit an Enrollment Form to BCBSF through Monroe County School District during the 30-day period immediately following the date of birth. The Effective Date of coverage for a newborn child will be the date of birth.

If timely notice is given, no additional contribution will be charged for coverage of the newborn child for not less than 30 days after the birth of the child. If timely notice is not received, the applicable contribution will be charged from the date of birth. The applicable contribution for the child will be charged after the initial 30-day period in either case. Coverage will not be denied for a newborn child if the Covered Plan Participant provides notice to Monroe County School District and an Enrollment Form is received within the 60-day period of the birth of the child and any applicable contribution is paid back to the date of birth.

If the newborn is not enrolled within sixty days of the date of birth, the newborn child will not be covered, and may only be enrolled under this Benefit Booklet during an Annual Open Enrollment Period, or in the case of a Special

Enrollment event, during the Special Enrollment Period.

Note: For a Covered Dependent child who has reached the end of the Calendar Year in which he or she becomes 26 and the Covered Dependent child obtains a dependent of their own (e.g., through birth or adoption), such newborn child will not be eligible for this coverage and cannot enroll. Further, such Covered Dependent child will also lose his or her eligibility for this coverage.

Adopted Newborn Child – To enroll an adopted newborn child, the Covered Plan Participant must submit an Enrollment Form through Monroe County School District to BCBSF during the 30-day period immediately following the date of birth. The Effective Date of coverage for an adopted newborn child, eligible for coverage, will be the moment of birth, provided that a written agreement to adopt such child has been entered into by the Covered Plan Participant prior to the birth of such child, whether or not such an agreement is enforceable. The Covered Plan Participant may be required to provide any information and/or documents that are deemed necessary in order to administer this provision.

If timely notice is given, no additional contribution will be charged for coverage of the adopted newborn child for not less than 30 days after the birth of the child. If timely notice is not received, the applicable contribution will be charged from the date of birth. The applicable contribution for the child will be charged after the initial 30-day period in either case. Coverage will not be denied for an adopted newborn child if the Covered Plan Participant provides notice to Monroe County School District and an Enrollment Form is received within the 60-day period of the birth of the adopted newborn child and any applicable contribution is paid back to the date of birth.

If the adopted newborn child is not enrolled within sixty days of the date of birth, the adopted

newborn child will not be covered, and may only be enrolled under this Benefit Booklet during an Annual Open Enrollment Period, or in the case of a Special Enrollment event, during the Special Enrollment Period.

If the adopted newborn child is not ultimately placed in the residence of the Covered Plan Participant, there shall be no coverage for the adopted newborn child. It is your responsibility as the Covered Plan Participant to notify Monroe County School District within ten calendar days of the date that placement was to occur if the adopted newborn child is not placed in your residence.

Adopted/Foster Children – To enroll an adopted or Foster Child, the Covered Plan Participant must submit an Enrollment Form during the 30-day period immediately following the date of placement. The Effective Date for an adopted or Foster child (other than an adopted newborn child) will be the date such adopted or Foster child is placed in the residence of the Covered Plan Participant in compliance with applicable law. The Covered Plan Participant may be required to provide any information and/or documents deemed necessary in order to properly administer this section.

In the event Monroe County School District is not notified within 30 days of the date of placement, the child will be added as of the date of placement so long as Covered Plan Participant provides notice to Monroe County School District, and we receive the Enrollment Form within 60 days of the placement. If the adopted or Foster Child is not enrolled within sixty days of the date of placement, the adopted or Foster Child will not be covered, and may only be enrolled under this Benefit Booklet during an Annual Open Enrollment Period, or in the case of a Special Enrollment event, during the Special Enrollment Period. For all children covered as adopted children, if the final decree of adoption is not issued, coverage shall not be continued for the proposed adopted Child. Proof of final adoption must be submitted to BCBSF

through Monroe County School District. It is the responsibility of the Covered Plan Participant to notify BCBSF through Monroe County School District if the adoption does not take place.

Upon receipt of this notification, we will terminate the coverage of the child as of the date the Covered Plan Participant learned the adoption would not take place. It is the Covered Plan Participant's responsibility to notify the Monroe County School District within 30 days of the determination that the adoption will not take place.

If the Covered Plan Participant's status as a foster parent is terminated, coverage will end for any Foster Child. It is the responsibility of the Covered Plan Participant to notify BCBSF through Monroe County School District that the Foster Child is no longer in the Covered Plan Participant's care. Upon receipt of this notification, coverage for the child will be terminated on the date the Covered Plan Participant's status as a foster parent terminated.

To apply for coverage, the Covered Plan Participant must complete the Enrollment Form through Monroe County School District and forward it to BCBSF. The Covered Plan Participant must make application for enrollment within 30 days of the marriage. The Effective Date of coverage for an Eligible Dependent who is enrolled as a result of marriage is the date of the marriage.

To apply for coverage, the Covered Plan Participant must complete an Enrollment Form through Monroe County School District and forward it to BCBSF. The Covered Plan Participant must make application for enrollment within 30 days

of the court order. The Effective Date of coverage for an Eligible Dependent who is enrolled as a result of a court order is the date required by the court.

Eligible Employees and/or Eligible Dependents who did not apply for coverage during the Initial Enrollment Period or a Special Enrollment Period may apply for coverage during an Annual Open Enrollment Period. The Eligible Employee may enroll by completing the Enrollment Form during the Annual Open Enrollment Period.

The effective date of coverage for an Eligible Employee and any Eligible Dependent(s) will be the date established by Monroe County School District.

2. your coverage was terminated for any reason, including discontinuance of the Group Health Plan in its entirety and termination of continued coverage under COBRA.

If coverage has been terminated, due to the non-payment of employee contribution by Monroe County School District, BCBSF must receive the completed converted policy application and the applicable premium payment within the 63-day period beginning on the date notice was given that the Group Health Plan terminated.

In the event BCBSF does not receive the converted policy application and the initial premium payment within such 63-day period, your converted policy application will be denied and you will not be entitled to a converted policy.

Additionally, you are not entitled to a converted policy if:

1. you are eligible for or covered under the Medicare program;
2. you failed to pay, on a timely basis, the contribution required for coverage under the Group Health Plan;

 - iii. benefits similar to the benefits provided under this Booklet are provided for or are available to you pursuant to or in accordance with the requirements of any state or federal law (e.g., COBRA, Medicaid); and

- b) the benefits provided under the sources referred to in paragraph 4.a.i or the benefits provided or available under the source referred to in paragraph 4.a.ii. and 4.a.iii. above, together with the benefits provided by our converted policy would result in over-insurance in accordance with our over-insurance standards, as determined by us.

Neither Monroe County School District nor BCBSF has any obligation to notify you of this conversion privilege when your coverage terminates or at any other time. It is your sole responsibility to exercise this conversion privilege by submitting a BCBSF converted policy application and the initial premium payment to us within 63 days of the termination of your coverage under this Benefit Booklet. The converted policy may be issued without evidence of insurability and shall be effective the day following the day your coverage under this Benefit Booklet terminated.

Note: Our converted policies are not a continuation of coverage under COBRA or any other states' similar laws. Coverage and benefits provided under a converted policy will not be identical to the coverage and benefits provided under this Booklet. When applying for our converted policy, you have two options: 1) a converted policy providing major medical coverage meeting the requirements of 627.6675(10) Florida Statutes or 2) a converted policy providing coverage and benefits identical to the coverage and benefits required to be provided under a small employer standard health benefit plan pursuant to Section 627.6699(12) Florida Statutes. In any event, we will not be required to issue a converted policy unless required to do so by Florida law. We may have other options available to you. Extension of Benefits

In the event the Group Health Plan is terminated, coverage will not be provided under this Benefit Booklet for any Service rendered on or after the termination date. The extension of benefits provisions described below only apply when the entire Group Health Plan is terminated. The extension of benefits described in this section do not apply when your coverage terminates if the Group Health Plan remains in effect. The extension of benefits provisions are subject to all of the other provisions, including the limitations and exclusions.

Note: It is your sole responsibility to provide acceptable documentation showing that you are entitled to an extension of benefits.

1. In the event you are totally disabled on the termination date of the Group Health Plan as a result of a specific Accident or illness incurred while you were covered under this Booklet, as determined by us, a limited extension of benefits will be provided under this Benefit Booklet for the disabled individual only. This extension of benefits is for Covered Services necessary to treat the disabling Condition only. This extension of benefits will only continue as long as the disability is continuous and uninterrupted. In any event, this extension of benefits will automatically terminate at the end of the 12-month period beginning on the termination date of the Group Health Plan.

For purposes of this section, you will be considered “totally disabled” only if, in BCBSF’s opinion, you are unable to work at any gainful job for which you are suited by education, training, or experience, and you require regular care and attendance by a Physician. You are totally disabled only if, in our or Monroe County School District’s opinion, you are unable to perform those

normal day-to-day activities which you would otherwise perform and you require regular care and attendance by a Physician.

2. In the event you are receiving covered dental treatment as of the termination date of the Group Health Plan a limited extension of such covered dental treatment will be provided under this Benefit Booklet if:
 - a) a course of dental treatment or dental procedures were recommended in writing and commenced in accordance with the terms specified herein while you were covered under the Group Health Plan;
 - b) the dental procedures were procedures for other than routine examinations, prophylaxis, x-rays, sealants, or orthodontic services; and
 - c) the dental procedures were performed within 90 days after the Group Health Plan terminated.

This extension of benefits is for Covered Services necessary to complete the dental treatment only. This extension of benefits will automatically terminate at the end of the 90-day period beginning on the termination date of the Group Health Plan or on the date you become covered under a succeeding insurance, health maintenance organization or self-insured plan providing coverage or Services for similar dental procedures. You are not required to be totally disabled in order to be eligible for this extension of benefits.

Please refer to the Dental Care category of the “What Is Covered?” section for a description of the dental care Services covered under this Booklet.

3. In the event you are pregnant as of the termination date of the Group Health Plan, a limited extension of the maternity expense benefits included in this Booklet will be available, provided the pregnancy commenced while the pregnant individual was covered under the Group Health Plan, as determined by BCBSF. This extension of benefits is for Covered Services necessary to treat the pregnancy only. This extension of benefits will automatically terminate on the date of the birth of the child. You are not required to be Totally Disabled in order to be eligible for this extension of benefits.

Section 15: The Effect of Medicare Coverage/Medicare Secondary Payer Provisions

When you become covered under Medicare and continue to be eligible and covered under this Benefit Booklet, coverage under this Benefit Booklet will be primary and the Medicare benefits will be secondary, but only to the extent required by law. In all other instances, coverage under this Benefit Booklet will be secondary to any Medicare benefits. To the extent the benefits under this Benefit Booklet are primary, claims for Covered Services should be filed with BCBSF first.

Under Medicare, Monroe County School District MAY NOT offer, subsidize, procure or provide a Medicare supplement policy to you. Also, Monroe County School District MAY NOT induce you to decline or terminate your group health insurance coverage and elect Medicare as primary payer.

If you become 65 or become eligible for Medicare due to End Stage Renal Disease ("ESRD"), you must immediately notify Monroe County School District.

Individuals With End Stage Renal Disease

If you are entitled to Medicare coverage because of ESRD, coverage under this Benefit Booklet will be provided on a primary basis for 30 months beginning with the earlier of:

1. the month in which you became entitled to Medicare Part "A" ESRD benefits; or
2. the first month in which you would have been entitled to Medicare Part "A" ESRD benefits if a timely application had been made.

If Medicare was primary prior to the time you became eligible due to ESRD, then Medicare will remain primary (i.e., persons entitled due to

disability whose employer has less than 100 employees, retirees and/or their spouses over the age of 65). Also, if coverage under this Benefit Booklet was primary prior to ESRD entitlement, then coverage hereunder will remain primary for the ESRD coordination period. If you become eligible for Medicare due to ESRD, coverage will be provided, as described in this section, on a primary basis for 30 months.

Disabled Active Individuals

If you are entitled to Medicare coverage because of a disability other than ESRD, Medicare benefits will be secondary to the benefits provided under this Benefit Booklet provided that:

Monroe County School District employed at least 100 or more full-time or part-time employees on 50% or more of its regular business days during the previous Calendar Year. If the Group Health Plan is a multi-employer plan, as defined by Medicare, Medicare benefits will be secondary if at least one employer participating in the plan covered 100 or more employees under the plan on 50% or more of its regular business days during the previous Calendar Year.

Miscellaneous

1. This section shall be subject to, modified (if necessary) to conform to or comply with, and interpreted with reference to the requirements of federal statutory and regulatory Medicare Secondary Payer provisions as those provisions relate to Medicare beneficiaries who are covered under this Benefit Booklet.

2. BCBSF will not be liable to Monroe County School District or to any individual covered under this Benefit Booklet on account of any nonpayment of primary benefits resulting from any failure of performance of Monroe County School District's obligations as described in this section.

Section 16: Duplication of Coverage Under Other Health Plans/Programs

Coordination of Benefits

Coordination of Benefits (“COB”) is a limitation of coverage and/or benefits to be provided under this Benefit Booklet.

COB determines the manner in which expenses will be paid when you are covered under more than one health plan, program, or policy providing benefits for Health Care Services. COB is designed to avoid the costly duplication of payment for Covered Services. It is your responsibility to provide BCBSF and Monroe County School District information concerning any duplication of coverage under any other health plan, program, or policy you or your Covered Dependents may have. This means you must notify BCBSF and Monroe County School District in writing if you have other applicable coverage or if there is no other coverage. You may be requested to provide this information at initial enrollment, by written correspondence annually thereafter, or in connection with a specific Health Care Service you receive. If the information is not received, claims may be denied and you will be responsible for payment of any expenses related to denied claims.

Health plans, programs or policies which may be subject to COB include, but are not limited to, the following which will be referred to as “plan(s)” for purposes of this section:

1. any group or non-group health insurance, group-type self-insurance, or HMO plan;
2. any group plan issued by any Blue Cross and/or Blue Shield organization(s);
3. any other plan, program or insurance policy, including an automobile PIP insurance policy and/or medical payment coverage

with which the law permits coordination of benefits;

4. Medicare, as described in “The Effect of Medicare Coverage/Medicare Secondary Payer Provisions” section; and
5. to the extent permitted by law, any other government sponsored health insurance program.

The amount of payment, if any, when benefits are coordinated under this section, is based on whether or not the benefits under this Benefit Booklet are primary. When primary, payment will be made for Covered Services without regard to coverage under other plans. When the benefits under this Benefit Booklet are not primary, payment for Covered Services may be reduced so that total benefits under all your plans will not exceed 100 percent of the total reasonable expenses actually incurred for Covered Services. For purposes of this section, in the event you receive Covered Services from an In-Network Provider or an Out-of-Network Provider who participates in the Traditional Program, “total reasonable expenses” shall mean the total amount required to be paid to the Provider pursuant to the applicable agreement BCBSF or another Blue Cross and/or Blue Shield organization has with such Provider. **In the event that the primary payer’s payment exceeds the Allowed Amount, no payment will be made for such Services.**

The following rules shall be used to establish the order in which benefits under the respective plans will be determined:

1. When you are covered as a Covered Dependent and the other plan covers you as

other than a dependent, the Group Health Plan will be secondary.

2. When the Group Health Plan covers a dependent child whose parents are not separated or divorced:
 - a) the plan of the parent whose birthday, excluding year of birth, falls earlier in the year will be primary; or
 - b) if both parents have the same birthday, excluding year of birth, and the other plan has covered one of the parents longer than us, the Group Health Plan will be secondary.
3. When the Group Health Plan covers a dependent child whose parents are separated or divorced:
 - a) if the parent with custody is not remarried, the plan of the parent with custody is primary;
 - b) if the parent with custody has remarried, the plan of the parent with custody is primary; the stepparent's plan is secondary; and the plan of the parent without custody pays last;
 - c) regardless of which parent has custody, whenever a court decree specifies the parent who is financially responsible for the child's health care expenses, the plan of that parent is primary.
4. When the Group Health Plan covers a dependent child and the dependent child is also covered under another plan:
 - a) the plan of the parent who is neither laid off nor retired will be primary; or
 - b) if the other plan is not subject to this rule, and if, as a result, such plan does not agree on the order of benefits, this paragraph shall not apply.

5. When rules 1, 2, 3, and 4 above do not establish an order of benefits, the plan which has covered you the longest shall be primary.

The Group Health Plan will not coordinate benefits against an indemnity-type policy, an excess insurance policy, a policy with coverage limited to specified illnesses or accidents, or a Medicare supplement policy.

6. If you are covered under a COBRA continuation plan as a result of the purchase of coverage as provided under the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended, and also under another group plan, the following order of benefits applies:
 - a) first, the plan covering the person as an employee, or as the employee's Dependent; and
 - b) second, the coverage purchased under the plan covering the person as a former employee, or as the former employee's Dependent provided according to the provisions of COBRA.
7. If the other plan does not have rules that establish the same order of benefits as under this Booklet, the benefits under the other plan will be determined primary to the benefits under this Booklet.

Coordination of benefits shall not be permitted against an indemnity-type policy, an excess insurance policy as defined in *Florida Statutes* Section 627.635, a policy with coverage limited to specified illnesses or accidents, or a Medicare supplement policy.

Non-Duplication of Government Programs and Worker's Compensation

The benefits under this Booklet shall not duplicate any benefits to which you or your

Covered Dependents are entitled to or eligible for under government programs (e.g., Medicare, Medicaid, Veterans Administration) or Worker's Compensation to the extent allowed by law, or under any extension of benefits of coverage under a prior plan or program which may be provided or required by law.

Section 17: Subrogation

In the event payment is made under this Benefit Booklet to you or on your behalf for any claim in connection with or arising from a Condition resulting, directly or indirectly, from an intentional act or from the negligence or fault of any third person or entity, Monroe County School District and/or the Group Health Plan, to the extent of any such payment, shall be subrogated to all causes of action and all rights of recovery you have against any person or entity. Such subrogation rights shall extend and apply to any settlement of a claim, regardless of whether litigation has been initiated. BCBSF may recover, on behalf of Monroe County School District and/or the Group Health Plan, the amount of any payments made on your behalf minus BCBSF or Monroe County School District's pro rata share for any costs and attorney fees incurred by you in pursuing and recovering damages. BCBSF may subrogate, on behalf of Monroe County School District and/or the Group Health Plan, against all money recovered regardless of the source of the money including, but not limited to, uninsured motorist coverage. Although Monroe County School District may, but is not required to, take into consideration any special factors relating your specific case in resolving the subrogation claim, Monroe County School District will have the first right of recovery out of any recovery or settlement amount you are able to obtain even if you or your attorney believes that you have not been made whole for your losses or damages by the amount of the recovery or settlement.

You must promptly execute and deliver such instruments and papers pertaining to such settlement of claims, settlement negotiations, or litigation as may be requested by BCBSF or Monroe County School District, and shall do whatever is necessary to enable BCBSF or Monroe County School District to exercise Monroe County School District's subrogation

rights and shall do nothing to prejudice such rights. Additionally, you or your legal representative shall promptly notify BCBSF in writing of any settlement negotiations prior to entering into any settlement agreement, shall disclose to BCBSF any amount recovered from any person or entity that may be liable, and shall not make any distributions of settlement or judgement proceeds without Monroe County School District's prior written consent. No waiver, release of liability, or other documents executed by you without such notice to BCBSF shall be binding upon Monroe County School District.

Section 18: Right of Reimbursement

If any payment under this Benefit Booklet is made to you or on your behalf with respect to any injury or illness resulting from the intentional act, negligence, or fault of a third person or entity, Monroe County School District and/or the Group Health Plan will have a right to be reimbursed by you (out of any settlement or judgment proceeds you recover) one dollar (\$1.00) for each dollar paid under the terms of the Group Health Plan minus a pro rata share for any costs and attorney fees incurred in pursuing and recovering such proceeds.

Monroe County School District's and/or the Group Health Plan's right of reimbursement will be in addition to any subrogation right or claim available to Monroe County School District, and you must execute and deliver such instruments or papers pertaining to any settlement or claim, settlement negotiations, or litigation as may be requested by BCBSF on behalf of Monroe County School District, and/or the Group Health Plan, to exercise Monroe County School District's and/or the Group Health Plan's right of reimbursement hereunder. You or your lawyer must notify us, by certified or registered mail, if you intend to claim damages from someone for injuries or illness. You must do nothing to prejudice Monroe County School District's and/or the Group Health Plan's right of reimbursement hereunder and no waiver, release of liability, or other documents executed by you, without notice to us and our written consent, acting on behalf of Monroe County School District, will be binding upon Monroe County School District.

Section 19: Claims Processing

Introduction

This section is intended to:

- help you understand what you or your treating Providers must do, under the terms of this Benefit Booklet, in order to obtain payment for expenses for Covered Services they have rendered or will render to you; and
- provide you with a general description of the applicable procedures we will use for making Adverse Benefit Determinations, Concurrent Care Decisions and for notifying you when we deny benefits.

Under no circumstances will we be held responsible for, nor will we accept liability relating to, the failure of your Group Plan's sponsor or plan administrator to: 1) comply with any applicable disclosure requirements; 2) provide you with a Summary Plan Description (SPD); or 3) comply with any other legal requirements. You should contact your plan sponsor or administrator if you have questions relating to your Group Plan's SPD. We are not your Group Plan's sponsor or plan administrator. In most cases, a plan's sponsor or plan administrator is the employer who establishes and maintains the plan.

Types of Claims

For purposes of this Benefit Booklet, there are three types of claims: 1) Pre-Service Claims; 2) Post-Service Claims; and 3) Claims Involving Urgent Care. It is important that you become familiar with the types of claims that can be submitted to us and the timeframes and other requirements that apply.

Post-Service Claims

How to File a Post-Service Claim

We have defined and described the three types of claims that may be submitted to us. Our experience shows that the most common type of claim we will receive from you or your treating Providers will likely be Post-Service Claims.

In-Network Providers have agreed to file Post-Service Claims for Services they render to you. In the event a Provider who renders Services to you does not file a Post-Service Claim for such Services, it is your responsibility to file it with us.

We must receive a Post-Service Claim within 90 days of the date the Health Care Service was rendered or, if it was not reasonably possible to file within such 90-day period, as soon as possible. In any event, no Post-Service Claim will be considered for payment if we do not receive it at the address indicated on your ID Card within 15 months of the date the Service was rendered unless you were legally incapacitated.

For Post-Service Claims, we must receive an itemized statement from the health care Provider for the Service rendered along with a completed claim form. The itemized statement must contain the following information:

1. the date the Service was provided;
2. a description of the Service including any applicable procedure code(s);
3. the amount actually charged by the Provider;
4. the diagnosis including any applicable diagnosis code(s);
5. the Provider's name and address;
6. the name of the individual who received the Service; and

7. the Covered Plan Participant's name and contract number as they appear on the ID Card.

The itemized statement and claim form must be received by us at the address indicated on your ID Card.

Note: Special claims processing rules may apply for Health Care Services you receive outside the state of Florida under the BlueCard Program (See the "BlueCard (Out-of-State) Program" section of this Booklet).

The Processing of Post-Service Claims

We will use our best efforts to pay, contest, or deny all Post-Service Claims for which we have all of the necessary information, as determined by us. Post-Service Claims will be paid, contested, or denied within the timeframes described below.

- **Payment for Post-Service Claims**

When payment is due under the terms of this Benefit Booklet, we will use our best efforts to pay (in whole or in part) for electronically submitted Post-Service Claims within 20 days of receipt. Likewise, we will use our best efforts to pay (in whole or in part) for paper Post-Service Claims within 40 days of receipt. You may receive notice of payment for paper claims within 30 days of receipt. If we are unable to determine whether the claim or a portion of the claim is payable because we need more or additional information, we may contest the claim within the timeframes set forth below.

- **Contested Post-Service Claims**

In the event we contest an electronically submitted Post-Service Claim, or a portion of such a claim, we will use our best efforts to provide notice, within 20 days of receipt, that the claim or a portion of the claim is contested. In the event we contest a Post-Service Claim submitted on a paper claim form, or a portion of such a claim, we will use our best efforts to provide notice, within 30 days of receipt, that the

claim or a portion of the claim is contested. Our notice may identify: 1) the contested portion or portions of the claim; 2) the reason(s) for contesting the claim or a portion of the claim; and 3) the date that we reasonably expect to notify you of the decision. The notice may also indicate whether additional information is needed in order to complete processing of the claim. If we request additional information, we must receive it within 45 days of our request for the information. **If we do not receive the requested information, the claim or a portion of the claim will be adjudicated based on the information in our possession at the time and may be denied.** Upon receipt of the requested information, we will use our best efforts to complete the processing of the Post-Service Claim within 15 days of receipt of the information.

- **Denial of Post-Service Claims**

In the event we deny a Post-Service Claim submitted electronically, we will use our best efforts to provide notice, within 20 days of receipt, that the claim or a portion of the claim is denied. In the event we deny a paper Post-Service Claim, we will use our best efforts to provide notice, within 30 days of receipt, that the claim or a portion of the claim is denied. The notice may identify the denied portion(s) of the claim and the reason(s) for denial. It is your responsibility to ensure that we receive all information determined by us as necessary to adjudicate a Post-Service Claim. **If we do not receive the necessary information, the claim or a portion of the claim may be denied.**

A Post-Service Claim denial is an Adverse Benefit Determination and is subject to the Adverse Benefit Determination standards and appeal procedures described in this section.

Additional Processing Information for Post-Service Claims

In any event, we will use our best efforts to pay or deny all: 1) electronic Post-Service Claims within 90 days of receipt of the completed claim;

and 2) Post-Service paper claims within 120 days of receipt of the completed claim. Claims processing shall be deemed to have been completed as of the date the notice of the claims decision is deposited in the mail by us or otherwise electronically transmitted. Any claims payment relating to a Post-Service Claim that is not made by us within the applicable timeframe is subject to the payment of simple interest at the rate established by the Florida Insurance Code.

We will investigate any allegation of improper billing by a Provider upon receipt of written notification from you. If we determine that you were billed for a Service that was not actually performed, any payment amount will be adjusted and, if applicable, a refund will be requested. In such a case, if payment to the Provider is reduced due solely to the notification from you, we will pay you 20 percent of the amount of the reduction, up to a total of \$500.

Pre-Service Claims

How to File a Pre-Service Claim

This Benefit Booklet may condition coverage, benefits, or payment (in whole or in part), for a specific Covered Service, on the receipt by us of a Pre-Service Claim as that term is defined herein. In order to determine whether we must receive a Pre-Service Claim for a particular Covered Service, please refer to the "What Is Covered?" section and other applicable sections of this Benefit Booklet. You may also call the customer service number on your ID card for assistance.

We are not required to render an opinion or make a coverage or benefit determination with respect to a Service that has not actually been provided to you unless the terms of this Benefit Booklet require (or condition payment upon) approval by us for the Service before it is received.

Benefit Determinations on Pre-Service Claims Involving Urgent Care

For a Pre-Service Claim Involving Urgent Care, we will use our best efforts to provide notice of our determination (whether adverse or not) as soon as possible, but not later than 72 hours after receipt of the Pre-Service Claim unless additional information is required for a coverage decision. If additional information is necessary to make a determination, we will use our best efforts to provide notice within 24 hours of: 1) the need for additional information; 2) the specific information that you or your Provider may need to provide; and 3) the date that we reasonably expect to provide notice of the decision. If we request additional information, we must receive it within 48 hours of our request. We will use our best efforts to provide notice of the decision on your Pre-Service Claim within 48 hours after the earlier of: 1) receipt of the requested information; or 2) the end of the period you were afforded to provide the specified additional information as described above.

Benefit Determinations on Pre-Service Claims that Do Not Involve Urgent Care

We will use our best efforts to provide notice of a decision on a Pre-Service Claim not involving urgent care within 15 days of receipt provided additional information is not required for a coverage decision. This 15-day determination period may be extended by us one time for up to an additional 15 days. If such an extension is necessary, we will use our best efforts to provide notice of the extension and reasons for it. We will use our best efforts to provide notification of the decision on your Pre-Service claim within a total of 30 days of the initial receipt of the claim, if an extension of time was taken by us.

If additional information is necessary to make a determination, we will use our best efforts to: 1) provide notice of the need for additional information, prior to the expiration of the initial 15-day period; 2) identify the specific information

that you or your Provider may need to provide; and 3) inform you of the date that we reasonably expect to notify you of our decision. If we request additional information, we must receive it within 45 days of our request for the information. We will use our best efforts to provide notification of the decision on your Pre-Service Claim within 15 days of receipt of the requested information.

A Pre-Service Claim denial is an Adverse Benefit Determination and is subject to the Adverse Benefit Determination standards and appeal procedures described in this section.

Concurrent Care Decisions

Reduction or Termination of Coverage or Benefits for Services

A reduction or termination of coverage or benefits for Services will be considered an Adverse Benefit Determination when:

- we have approved in writing coverage or benefits for an ongoing course of Services to be provided over a period of time or a number of Services to be rendered; and
- the reduction or termination occurs before the end of such previously approved time or number of Services; and
- the reduction or termination of coverage or benefits by us was not due to an amendment of this Benefit Booklet or termination of your coverage as provided by this Benefit Booklet.

We will use our best efforts to notify you of such reduction or termination in advance so that you will have a reasonable amount of time to have the reduction or termination reviewed in accordance with the Adverse Benefit Determination standards and procedures described below. In no event shall we be required to provide more than a reasonable period of time within which you may develop your appeal before we actually terminate or reduce coverage for the Services.

Requests for Extension of Services

Your Provider may request an extension of coverage or benefits for a Service beyond the approved period of time or number of approved Services. If the request for an extension is for a Claim Involving Urgent Care, we will use our best efforts to notify you of the approval or denial of such requested extension within 24 hours after receipt of your request, provided it is received at least 24 hours prior to the expiration of the previously approved number or length of coverage for such Services. We will use our best efforts to notify you within 24 hours if: 1) we need additional information; or 2) you or your representative failed to follow proper procedures in your request for an extension. If we request additional information, you will have 48 hours to provide the requested information. We may notify you orally or in writing, unless you or your representative specifically request that it be in writing. A denial of a request for extension of Services is considered an Adverse Benefit Determination and is subject to the Adverse Benefit Determination review procedure below.

Standards for Adverse Benefit Determinations

Manner and Content of a Notification of an Adverse Benefit Determination:

We will use our best efforts to provide notice of any Adverse Benefit Determination in writing. Notification of an Adverse Benefit Determination will include (or will be made available to you free of charge upon request):

1. the date the Service or supply was provided;
2. the Provider's name;
3. the dollar amount of the claim, if applicable;
4. the diagnosis codes included on the claim (e.g., ICD-9, DSM-IV), including a description of such codes;
5. the standardized procedure code included on the claim (e.g., Current Procedural

Terminology), including a description of such codes;

6. the specific reason or reasons for the Adverse Benefit Determination, including any applicable denial code;
7. a description of the specific Benefit Booklet provisions upon which the Adverse Benefit Determination is based, as well as any internal rule, guideline, protocol, or other similar criterion that was relied upon in making the Adverse Benefit Determination;
8. a description of any additional information that might change the determination and why that information is necessary;
9. a description of the Adverse Benefit Determination review procedures and the time limits applicable to such procedures;
10. if the Adverse Benefit Determination is based on the Medical Necessity or Experimental or Investigational limitations and exclusions, a statement telling you how to obtain the specific explanation of the scientific or clinical judgment for the determination; and
11. You have the right to an independent external review through an external review organization for certain appeals, as provided in the Patient Protection and Affordable Care Act of 2010.

If the claim is a Claim Involving Urgent Care, we may notify you orally within the proper timeframes, provided we follow-up with a written or electronic notification meeting the requirements of this subsection no later than three days after the oral notification.

How to Appeal an Adverse Benefit Determination

Except as described below, only you, or a representative designated by you in writing, have the right to appeal an Adverse Benefit

Determination. An appeal of an Adverse Benefit Determination will be reviewed using the review process described below. Your appeal must be submitted to us in writing for an internal appeal within 365 days of the original Adverse Benefit Determination, except in the case of Concurrent Care Decisions which may, depending upon the circumstances, require you to file within a shorter period of time from notice of the denial. The following guidelines are applicable to reviews of Adverse Benefit Determinations:

- We must receive your appeal of an Adverse Benefit Determination in person or in writing;
- You may request to review pertinent documents, such as any internal rule, guideline, protocol, or similar criterion relied upon to make the determination, and submit issues or comments in writing;
- If the Adverse Benefit Determination is based on the lack of Medical Necessity of a particular Service or the Experimental or Investigational exclusion, you may request, free of charge, an explanation of the scientific or clinical judgment relied upon, if any, for the determination, that applies the terms of this Benefit Booklet to your medical circumstances;
- During the review process, the Services in question will be reviewed without regard to the decision reached in the initial determination;
- We may consult with appropriate Physicians, as necessary;
- Any independent medical consultant who reviews your Adverse Benefit Determination on our behalf will be identified upon request;
- If your claim is a Claim Involving Urgent Care, you may request an expedited appeal orally or in writing in which case all necessary information on review may be transmitted between you and us by telephone, facsimile or other available expeditious method; and

- If you wish to give someone else permission to appeal an Adverse Benefit Determination on your behalf, we must receive a completed Appointment of Representative form signed by you indicating the name of the person who will represent you with respect to the appeal. An Appointment of Representative form is not required if your Physician is appealing an Adverse Benefit Determination relating to a Claim Involving Urgent Care. Appointment of Representative forms are available at www.FloridaBlue.com or by calling the number on the back of your BCBSF ID Card.

Timing of Our Appeal Review on Adverse Benefit Determinations

We will use our best efforts to review your appeal of an Adverse Benefit Determination and communicate the decision in accordance with the following time frames:

- Pre-Service Claims-- within 30 days of the receipt of your appeal; or
- Post-Service Claims-- within 60 days of the receipt of your appeal; or
- Claims Involving Urgent Care (and requests to extend concurrent care Services made within 24 hours prior to the termination of the Services)-- within 72 hours of receipt of your request. If additional information is necessary we will notify you within 24 hours and we must receive the requested additional information within 48 hours of our request. After we receive the additional information, we will have an additional 48 hours to make a final determination.

Note: The nature of a claim for Services (i.e. whether it is “urgent care” or not) is judged as of the time of the benefit determination on review, not as of the time the Service was initially reviewed or provided.

You, or a Provider acting on your behalf, who has had a claim denied as not Medically Necessary has the opportunity to appeal the

claim denial. The appeal may be directed to an employee of BCBSF who is a licensed Physician responsible for Medical Necessity reviews. The appeal may be by telephone and the Physician will respond to you, within a reasonable time, not to exceed 15 business days. **Requests for an internal appeal should be sent to the address below:**

How to Request External Review of Our Appeal Decision

Your request will be reviewed by an independent third party with clinical and legal expertise (“External Reviewer”) who has no association with us. If you have any questions or concerns during the external review process, please contact us at the phone number listed on your ID card or visit www.FloridaBlue.com. You may submit additional written comments to External Reviewer. A letter with the mailing address will be sent to you when you file an external review. Please note that if you provide any additional information during the external review process it will be shared with us in order to give us the opportunity to reconsider the denial. Submit your request in writing on the External Review Request form within four months after receipt of your denial to the below address:

Blue Cross and Blue Shield of Florida

Generally, an urgent situation is one in which your health may be in serious jeopardy, or in the opinion of your Physician, you may experience pain that cannot be adequately controlled while you wait for a decision on the external review of your claim. Moreover expedited external reviews may be requested for an admission, availability of care, continued stay or Health Care Service for which you received Emergency Services, but have not been discharged from a facility. Please be sure your treating Physician completes the appropriate form to initiate this request type. 2. In the case of an In-Network Provider located outside of Florida, this amount will generally be established in accordance with the negotiated price that the on-site Blue Cross and/or Blue Shield Plan ("Host Blue") passes on to us, except when the Host Blue is unable to pass on its negotiated price due to the terms of its Provider contracts. See the BlueCard (Out-of-State) Program section for more details.
3. In the case of Out-of-Network Providers located in Florida who participate in the Traditional Program, this amount will be established in accordance with the applicable agreement between that Provider and BCBSF.
4. In the case of Out-of-Network Providers located outside of Florida who participate in the BlueCard (Out-of-State) Traditional Program, this amount will generally be established in accordance with the negotiated price that the Host Blue passes on to us, except when the Host Blue is unable to pass on its negotiated price due to the terms of its Provider contracts. In the case of an Out-of-Network Provider that has not entered into an agreement with BCBSF to provide access to a discount from the billed amount of that Provider for the specific Covered Services provided to you, the Allowed Amount will be the lesser of that Provider's actual billed amount for the specific Covered Services or an amount established by BCBSF that may be based on several factors including (but not necessarily limited to): (i) payment for such Services under the Medicare and/or Medicaid programs; (ii) payment often accepted for such Services by that Out-of-Network Provider and/or by other Providers, either in Florida or in other comparable market(s), that BCBSF determines are comparable to the Out-of-Network Provider that provided the specific Covered Services (which may include payment accepted by such Out-of-Network Provider and/or by other Providers as participating providers in other provider networks of third-party payers which may include, for example, other insurance companies and/or health maintenance organizations); (iii) payment amounts which are consistent, as determined by BCBSF, with BCBSF's provider network strategies (e.g., does not result in payment that encourages Providers participating in a BCBSF network to become non-participating); and/or, (iv) the cost of providing the specific Covered Services. In the case of an Out-of-Network Provider that has not entered into an agreement with another Blue Cross and/or Blue Shield organization to provide access to discounts from the billed amount for the specific Covered Services under the BlueCard (Out-of-State) Program, the Allowed Amount for the specific Covered Services provided to you may be based upon the amount provided to BCBSF by the other Blue Cross and/or Blue Shield organization where the

Services were provided at the amount such organization would pay non-participating Providers in its geographic area for such Services.

Please specifically note that, in the case of an Out-of-Network Provider that has not entered into an agreement with BCBSF to provide access to a discount from the billed amount of that Provider, the Allowed Amount for particular Services is often substantially below the amount billed by such Out-of-Network Provider for such Services.
