Not all providers offer all services. Please confirm the services available with the provider when making your appointment.

Always call ahead to confirm a provider's participation in your plan. Make sure to say you're a VCP member to ensure you receive your maximum benefits. Not all providers participate in every plan. If you aren't yet enrolled in a VCP plan, please keep in mind your actual network may vary from what appears on our locator.

VCP members should log in to access the exact list of available providers. Even if a provider is displayed on this site, you should call ahead to confirm the provider still accepts your plan. Eye exams available by Independent Doctors of Optometry at or next to LensCrafters, Pearle Vision, Sears Optical and Target Optical in most states. Doctors in some states are employed by the location. In California, optometrists are not employed by LensCrafters, Sears Optical and Target Optical, which do not provide eye exams. For LensCrafters, eye exams are available from optometrists employed by EYEXAM of California, a licensed vision health care service plan. For Sears Optical and Target Optical, eye exams are available from self-employed doctors who lease space inside the store.

This list doesn't include laser vision correction surgeons. For laser vision correction providers locations, please call 1-866-537-0229 or visit [HumanaVision VCP Lasik Provider Locator](#).
